

FaxRx Cloud

Digital fax solution

FaxRx Cloud is an integrated web-based fax module, providing a faster and cheaper alternative to the conventional fax machine and fax line.

Increase efficiency and easily help archive and access critical data

- **Streamlined** – no need for fax line or fax machine within pharmacy
- **Reliable** – works even during power outages
- **Convenient** – no busy signals; receive multiple faxes simultaneously
- **Accessible** – send faxes from any Kroll station with on-screen notifications
- **Protected** – limited to authorized users; full audit capabilities

Find out how to streamline your fax communications starting at \$45/month.
