

FaxRx Cloud

Digital fax solution

FaxRx Cloud is a fully integrated web-based fax module, providing a faster and cheaper alternative to the conventional fax machine and fax line.

Increase efficiency and security in recording and retrieving critical data

- **Savings** – no need for fax line or fax machine within pharmacy
- **Reliability** – always on, even in power outages
- **Increased convenience** – no busy signals; receive multiple faxes simultaneously
- **Accessibility** – send faxes from any Kroll station with on-screen notifications
- **More secure** – limited to authorized users; full audit capabilities

Find out how to streamline your fax communications starting at \$45/month.
