Pickup Bin Management

Pickup bins are used to organize Rx and non-Rx items that are awaiting pickup. It is up to the pharmacy to determine how pickup bins are managed; bins may be used to store similar items, items that belong to the same work order, or items that will be picked up by the same person.

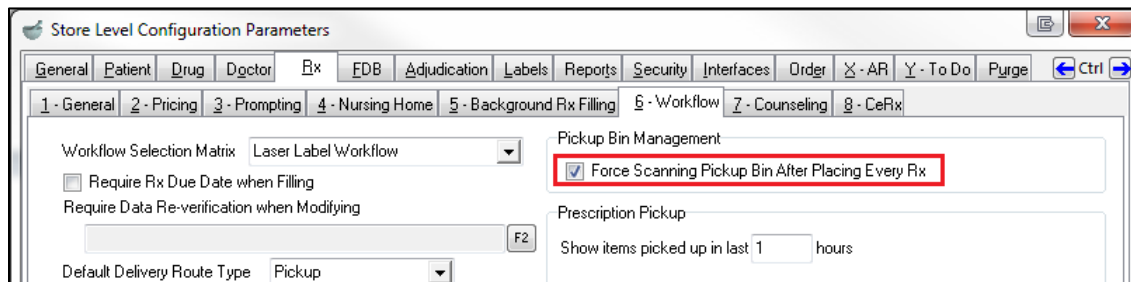

This document explains how to set up pickup bins and how to use the Pickup Bin Manager to organize items that are awaiting pickup. For information on how to perform pickups, see the [Pickup & Undo Pickup](#) user guide on our website.

Configuration

This section explains the configuration settings that must be in place before attempting to use pickup bins.

Store-level Configuration

1. From the **Alt-X Start** screen, go to **File > Configuration > Store > Rx > Workflow**.
2. Place a checkmark next to **Force Scanning Pickup Bin After Placing Every Rx**.

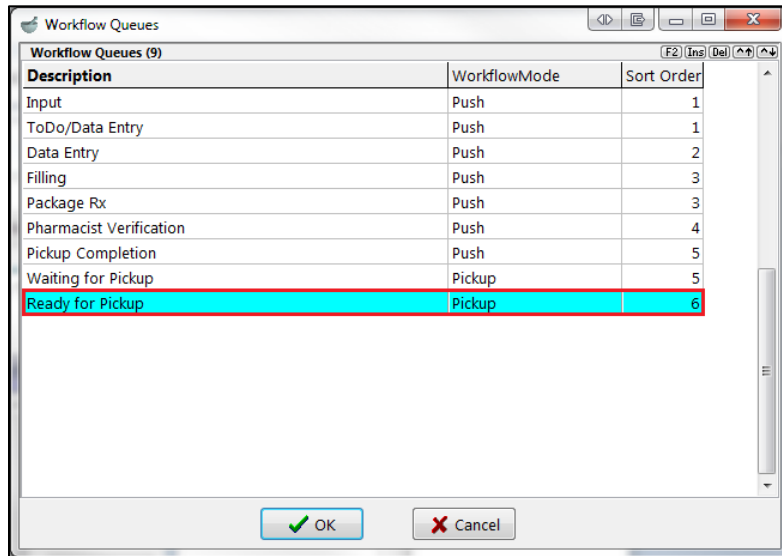

3. Click **OK** to close the **Store Level Configuration Parameters** screen.

Workflow States Configuration

1. From the Alt-X Start screen, go to **File > Configuration > Workflow > Edit Workflow Queues**.

2. Ensure the workflow queue **Ready for Pickup** is enabled.

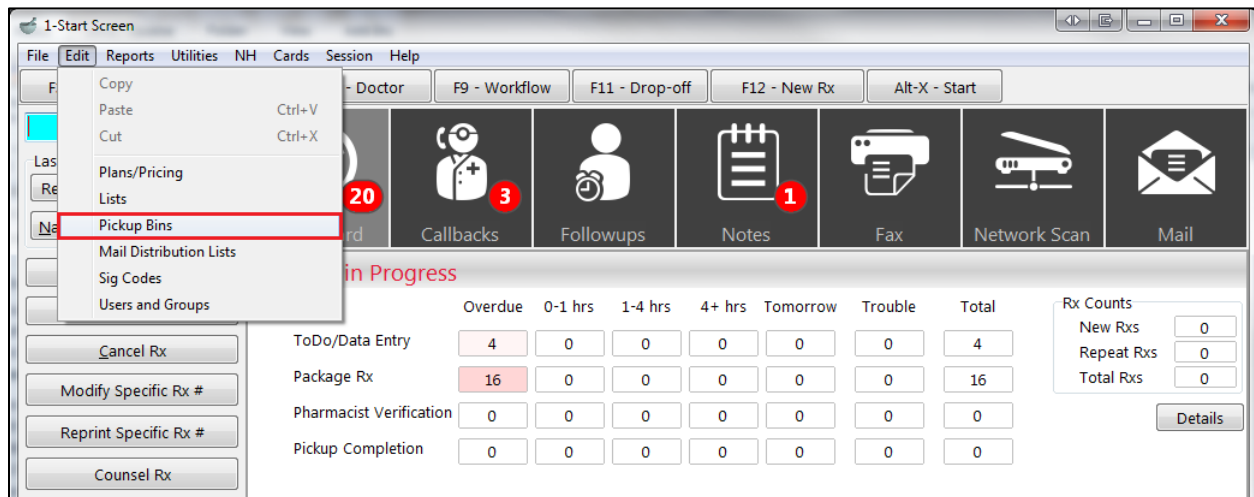

Pickup Bin Setup

This section explains how to set up, modify, and remove pickup bins. Note that pickup bins must be empty before removing them from the system.

Creating Pickup Bins

1. From the **Alt-X Start** screen, go to **Edit > Pickup Bins**.

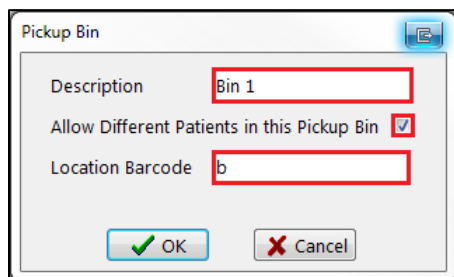

2. The **Pickup Bins** screen will appear. Click **Ins** or press the **Insert** key on your keyboard.

3. The **Pickup Bin** form will appear.

- Enter a name for the pickup bin in the **Description** field.
- Place a checkmark next to **Allow Different Patients in this Pickup Bin** if you want Rxs for multiple patients to be included in the same bin.
- Enter the location barcode in the **Location Barcode** field.

NOTE: All barcodes must be prefixed with the letter 'b'.

4. Click **OK** to close the **Pickup Bin** form.

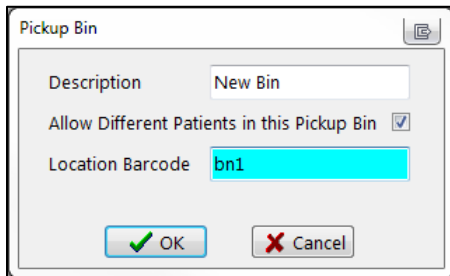

5. Repeat steps 2-4 for each bin you want to set up. Click **Close** to close the **Pickup Bins** screen.

Modifying Pickup Bins

1. From the **Alt-X Start** screen, go to **Edit > Pickup Bins**.
2. The **Pickup Bins** screen will appear. Highlight the bin you want to modify and click **F2** or press the **F2** key on your keyboard.

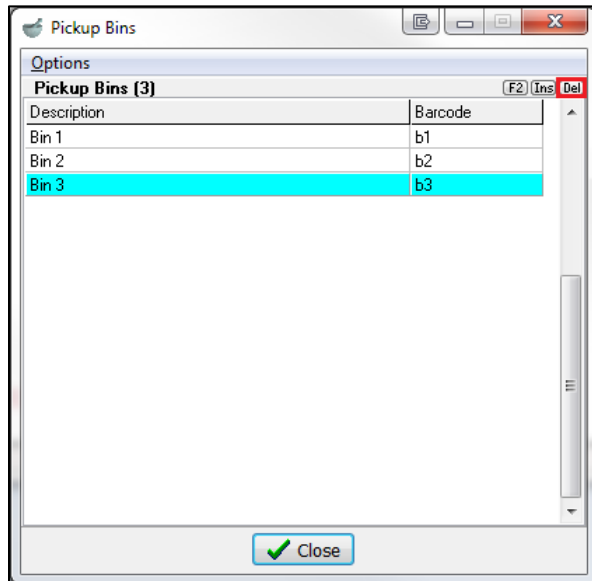

3. Make the necessary modifications and click **OK**.

Removing Pickup Bins

1. From the **Alt-X Start** screen, go to **Edit > Pickup Bins**.
2. The **Pickup Bins** screen will appear. Highlight the bin you want to remove and click **Del** or press the **Delete** key on your keyboard.

3. Answer **Yes** when asked '**Delete Pickup Bin?**'

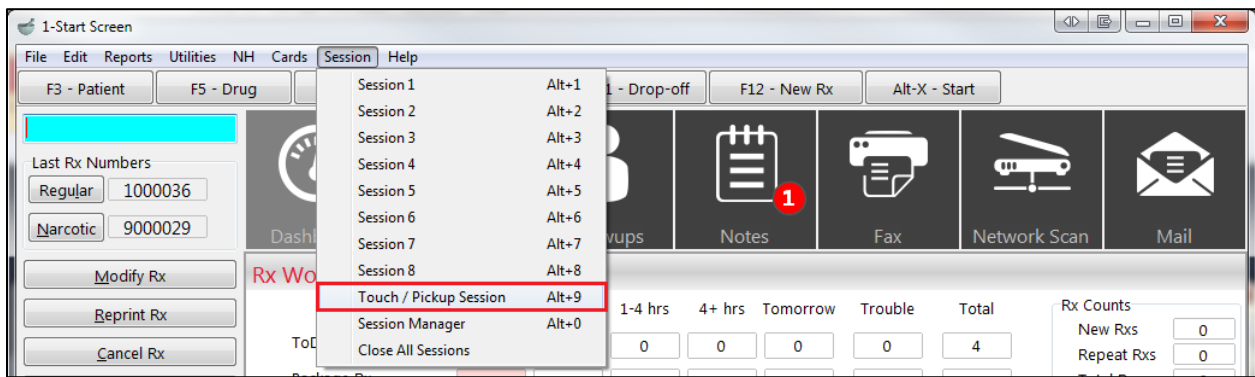

Pickup Bin Manager

The Pickup Bin Manager is an application independent of Fill that is used to place items in pickup bins and record the picked up status of those items. This section explains how to launch the Pickup Bin Manager, how to place items in pickup bins, and how to view and manage those bins.

Launching the Pickup Bin Manager

1. Go to **Session > Touch / Pickup Session** to launch the **Pickup Bin Manager**.

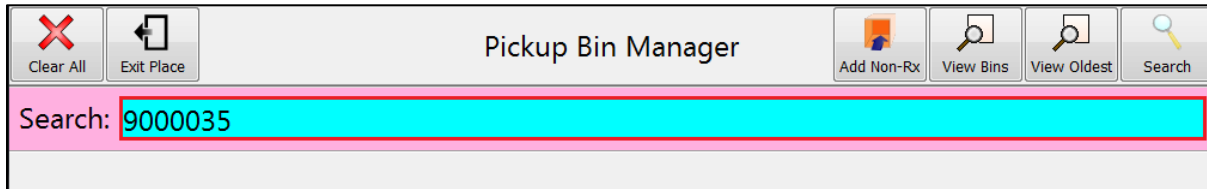

2. The **Pickup Bin Manager** will appear. Log in and click **Place**.

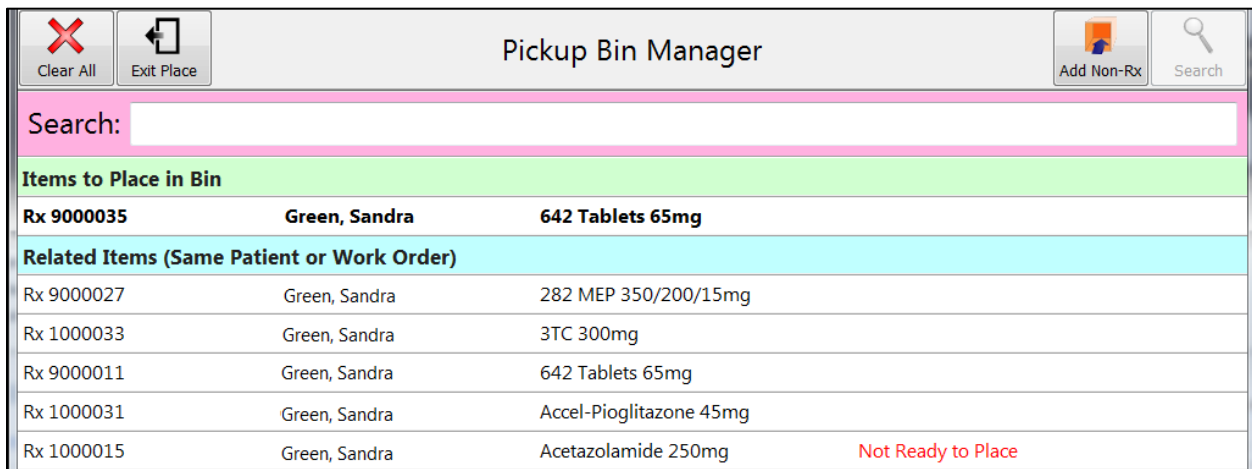

Adding Rxs to Pickup Bins

1. Launch the **Pickup Bin Manager**.
2. Scan or type the Rx number in the **Search** field.

The screenshot shows the 'Pickup Bin Manager' window. The search field is highlighted in cyan and contains the text '9000035'. The interface includes buttons for 'Clear All', 'Exit Place', 'Add Non-Rx', 'View Bins', 'View Oldest', and 'Search'.

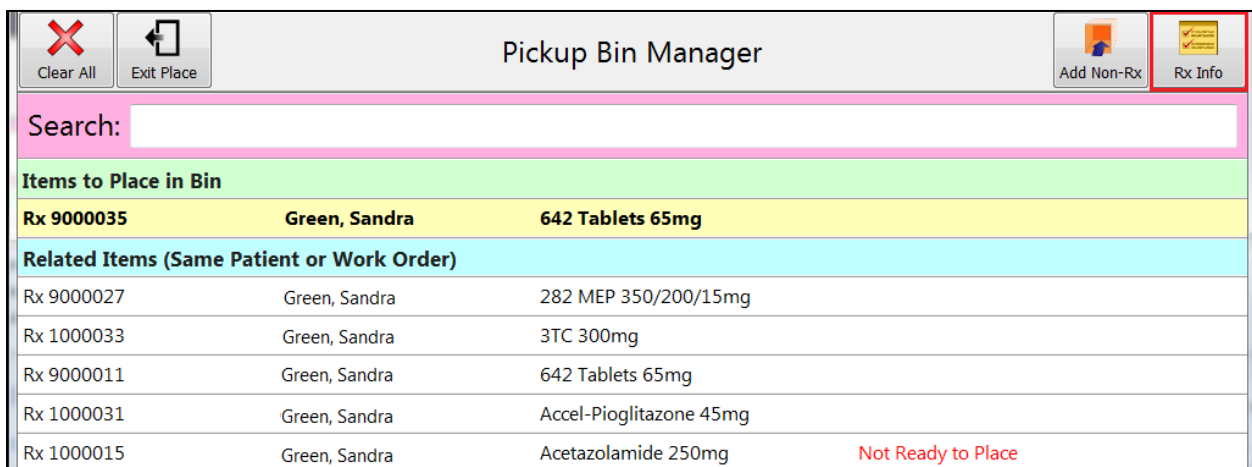

The Rx and any related items will appear.

The screenshot shows the 'Pickup Bin Manager' window with search results. The search field is empty. The results are displayed in a table with a green header for 'Items to Place in Bin' and a cyan header for 'Related Items (Same Patient or Work Order)'. The first item in the table is highlighted in yellow.

Items to Place in Bin			
Rx 9000035	Green, Sandra	642 Tablets 65mg	
Related Items (Same Patient or Work Order)			
Rx 9000027	Green, Sandra	282 MEP 350/200/15mg	
Rx 1000033	Green, Sandra	3TC 300mg	
Rx 9000011	Green, Sandra	642 Tablets 65mg	
Rx 1000031	Green, Sandra	Accel-Pioglitazone 45mg	
Rx 1000015	Green, Sandra	Acetazolamide 250mg	Not Ready to Place

3. To view workflow information that pertains to the Rx, highlight the Rx and click **Rx Info**.

The screenshot shows the 'Pickup Bin Manager' window with the same search results as the previous screenshot. The 'Rx Info' button in the top right corner is highlighted with a red box. The first item in the table is highlighted in yellow.

Items to Place in Bin			
Rx 9000035	Green, Sandra	642 Tablets 65mg	
Related Items (Same Patient or Work Order)			
Rx 9000027	Green, Sandra	282 MEP 350/200/15mg	
Rx 1000033	Green, Sandra	3TC 300mg	
Rx 9000011	Green, Sandra	642 Tablets 65mg	
Rx 1000031	Green, Sandra	Accel-Pioglitazone 45mg	
Rx 1000015	Green, Sandra	Acetazolamide 250mg	Not Ready to Place

The **Prescription Workflow Information** screen will appear, detailing workflow information that pertains to the Rx.

Click **OK** to close the **Prescription Workflow Information** screen.

- Scan or type the barcode of the pickup bin you want to place the Rx in. The Rx will be placed in the bin.

Pickup Bin Manager			
Search: <input type="text"/>			
1 item was placed in Bin 1.			

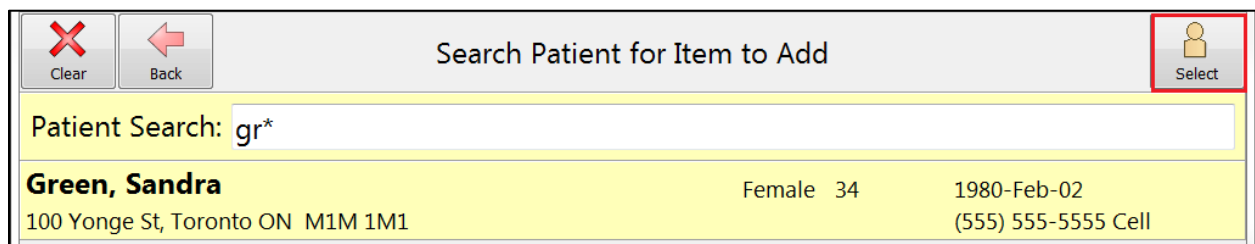

Adding Non-Rx Items to Pickup Bins

1. Launch the **Pickup Bin Manager**.
2. Click **Add Non-Rx**.

The screenshot shows the 'Pickup Bin Manager' window. It has a title bar with 'Pickup Bin Manager' and several icons: 'Clear All', 'Exit Place', 'Add Non-Rx' (highlighted with a red box), 'View Bins', 'View Oldest', and 'Search'. Below the title bar is a search field with the text 'Search:' and a red highlight.

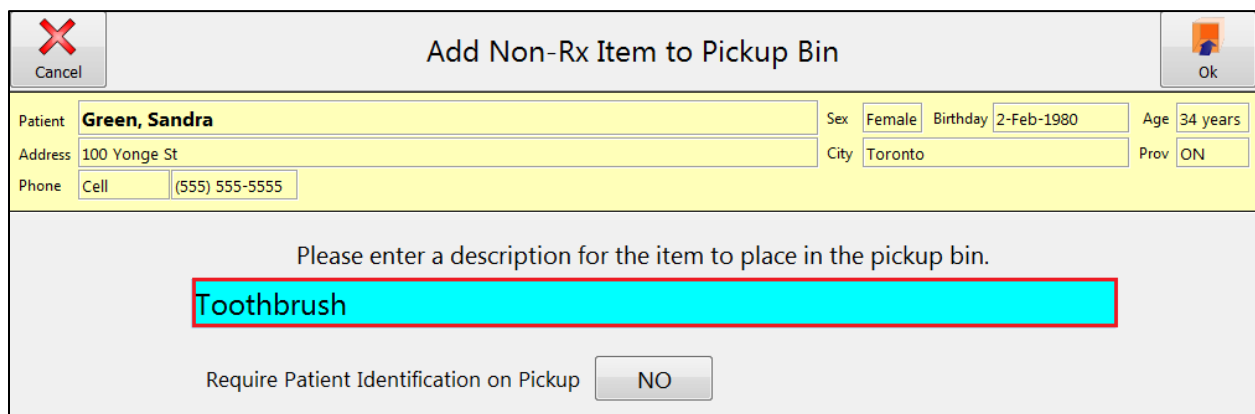

3. Perform a patient search. Highlight the patient record and click **Select**.

The screenshot shows the 'Search Patient for Item to Add' dialog. It has a title bar with 'Search Patient for Item to Add' and icons for 'Clear', 'Back', and 'Select' (highlighted with a red box). Below the title bar is a search field with the text 'Patient Search: gr*'. Below the search field is a table with patient information:

Green, Sandra	Female	34	1980-Feb-02
100 Yonge St, Toronto ON M1M 1M1			(555) 555-5555 Cell

4. Enter a description of the item.

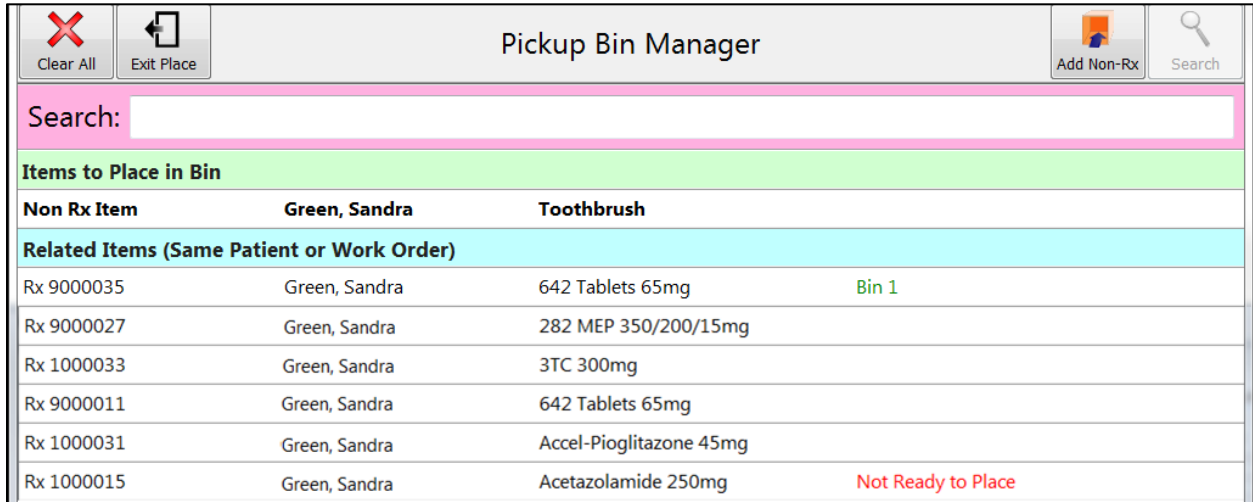

The screenshot shows the 'Add Non-Rx Item to Pickup Bin' dialog. It has a title bar with 'Add Non-Rx Item to Pickup Bin' and icons for 'Cancel' and 'Ok'. Below the title bar is a form with patient information:

Patient	Green, Sandra	Sex	Female	Birthdate	2-Feb-1980	Age	34 years
Address	100 Yonge St	City	Toronto	Prov	ON		
Phone	Cell	(555) 555-5555					

Below the form is a text field with the text 'Please enter a description for the item to place in the pickup bin.' and a red highlight around the text 'Toothbrush'. Below the text field is a button labeled 'Require Patient Identification on Pickup' with a 'NO' button next to it.

The **Require Patient Identification on Pickup** yes/no button indicates if the patient is required to show identification upon picking up the item. Clicking **NO** will change the button to **YES** and vice versa.

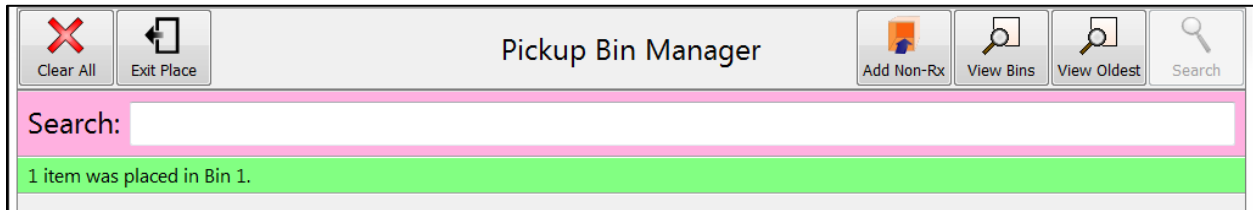

5. Click **OK**. The item will appear in the **Items to Place in Bin** list.

The screenshot shows the 'Pickup Bin Manager' window. At the top, there are buttons for 'Clear All', 'Exit Place', 'Add Non-Rx', and 'Search'. Below these is a search bar. The main area is titled 'Items to Place in Bin' and contains a table with the following data:

Non Rx Item	Green, Sandra	Toothbrush	
Related Items (Same Patient or Work Order)			
Rx 9000035	Green, Sandra	642 Tablets 65mg	Bin 1
Rx 9000027	Green, Sandra	282 MEP 350/200/15mg	
Rx 1000033	Green, Sandra	3TC 300mg	
Rx 9000011	Green, Sandra	642 Tablets 65mg	
Rx 1000031	Green, Sandra	Accel-Pioglitazone 45mg	
Rx 1000015	Green, Sandra	Acetazolamide 250mg	Not Ready to Place

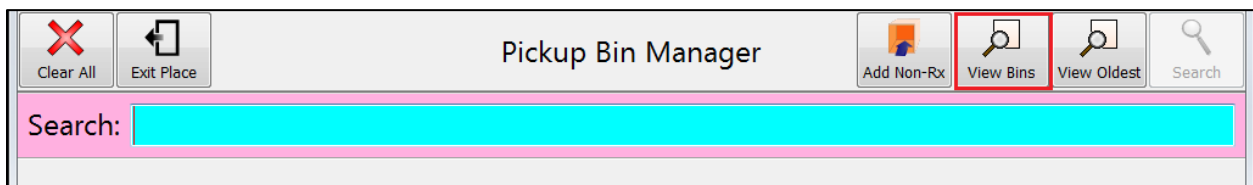

6. Scan or type the barcode of the pickup bin you want to place the item in. The item will be placed in the bin.

The screenshot shows the 'Pickup Bin Manager' window after an item has been placed. The search bar is empty. Below it, a green message bar states: '1 item was placed in Bin 1.' The top navigation bar includes buttons for 'Clear All', 'Exit Place', 'Add Non-Rx', 'View Bins', 'View Oldest', and 'Search'.

Viewing Pickup Bins

1. Launch the **Pickup Bin Manager**.
2. To view items sorted by bin, click **View Bins**.

The screenshot shows the 'Pickup Bin Manager' window with the 'View Bins' button highlighted by a red box. The search bar is empty. The top navigation bar includes buttons for 'Clear All', 'Exit Place', 'Add Non-Rx', 'View Bins', 'View Oldest', and 'Search'.

All items currently in pickup bins will be displayed, organized by bin.

Searching Pickup Bins

1. Launch the **Pickup Bin Manager**.
2. Scan or type the barcode of the bin you want to locate. All items currently in the bin will be displayed.

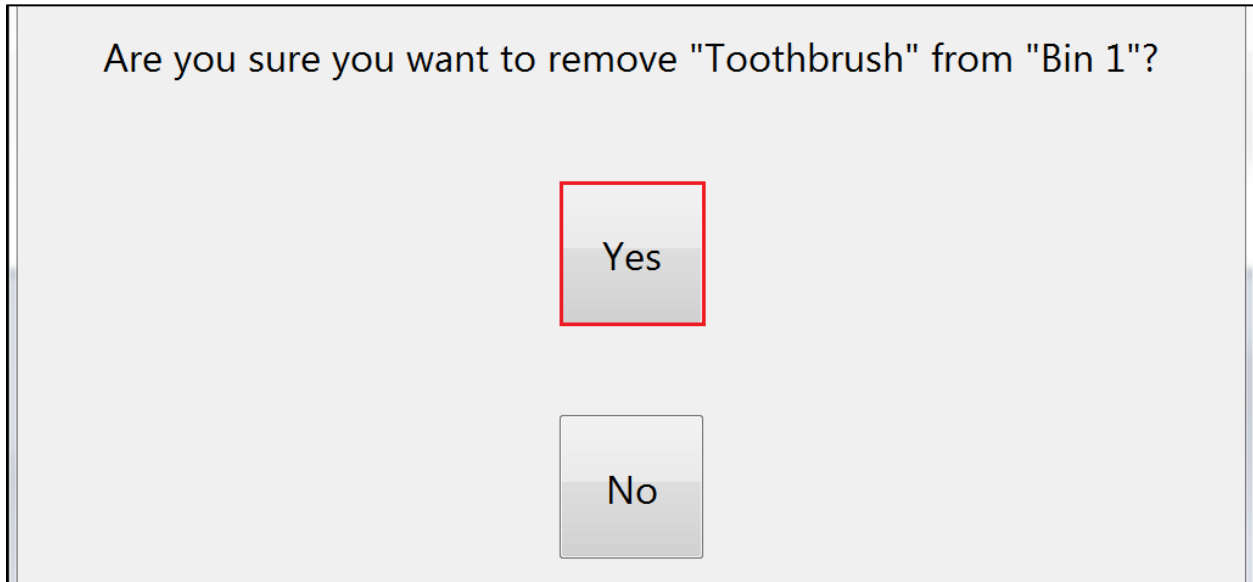

Removing Items from Pickup Bins

1. Call up the bin you want to remove the item from.
2. Highlight the item you want to remove and click **Remove**.

- Answer **Yes** when asked ‘Are you sure you want to remove “[item description]” from “[bin name]”?’

The item will be removed from the pickup bin.
